It is always important for me to know your opinions on various issues related to state government. It is even more vital now with a new governor in the Statehouse, the long legislative session complete and the short legislative session now under way.

Making Progress

The Oxley Family

In the past session we acted on various items that everyone agrees are in the best interests of our state—increased economic development efforts, a streamlined approach to regulation of small businesses, more caseworkers on the job to combat child abuse and a vigorous response to the growing problems of meth.

going too far?

The new administration and the majority party in both the House and Senate also passed several bills which proved very controversial. The new state budget has resulted in large property tax increases across Indiana while forcing many local school corporations to slash personnel and programs.

The governor has used his executive powers to close local license branches, privatize various government operations, delay local road construction projects and place state prisoners in our parks. The governor has also announced plans to place one of our state prisons in the hands of private management.

Your opinion counts

I anticipate several important proposals will emerge in the next few months and I need your opinions. I encourage you to complete the survey to the right and mail it to my office.

I look forward to hearing from you.
